SUPPLEMENTARY INFORMATION:

I. Dialogue Schedule

Section 403 of TSCA, 15 U.S.C. 2683 directs EPA to promulgate regulations that identify lead hazards in paint, household dust, and bare residential soil. Title IV of TSCA, titled "Lead Exposure Reduction," which includes section 403, was added to TSCA by the Residential Lead-Based Paint Hazard Reduction Act of 1992. To support the rulemaking, EPA has established a Dialogue Process to obtain input from interested parties early in the rulemaking process. Establishment of the Dialogue Process was announced in the Federal Register of July 18, 1995 (60 FR 36806).

All meetings are open to the public and will provide opportunity for public comment on a first-come, first-served basis. Thirty minutes will be allocated at each meeting for public comment.

Due to the need to accommodate as many interested parties as possible during the public comment periods, EPA will limit comments to 5 minutes for representatives of organizations and 3 minutes for individuals. Members of the public interested in offering comment at a meeting of the Dialogue should sign-up at the meeting registration desk.

Individuals wishing to provide comments to EPA, but who cannot be accommodated during the comment period or cannot attend the Dialogue meetings may submit written comments to EPA at the address listed in the **ADDRESSES** unit of this Notice. Individuals who have information or data that they wish to share with Dialogue participants should send 30 copies to Andrea Yang at the address listed in the **FOR FURTHER INFORMATION CONTACT** unit of this Notice.

II. Confidential Business Information

A person may assert a claim of confidentiality for any information, including all or portions of written comments, submitted to EPA in connection with the Dialogue Process. Any person who submits a comment subject to a claim of confidentiality must also submit a nonconfidential version. Any claim of confidentiality must accompany the information when it is submitted to EPA. Persons must mark information claimed as confidential by circling, bracketing, or underlining it, and marking it with **CONFIDENTIAL** or some other appropriate designation. EPA will disclose information subject to a claim of confidentiality only to the extent permitted by section 14 of TSCA and 40 CFR part 2, subpart B. If a person does not assert a claim of confidentiality for information at the time it is submitted to EPA, EPA may make the information public without further notice to that person.

III. Public Docket

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this action, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into printed, paper form as they are received and will place the paper copies in the official rulemaking record which will also include all comments submitted directly in writing.
